

# PRIVATE EQUITY AND CAPITAL VENTURE

## ENVIRONMENTAL SERVICES

Environmental due diligence is an essential process of any major investment or capital strategy. ESE Partners delivers environmental related services to private equity firms, hedge funds, financial institutions, attorneys, investment bankers and brokers and other parties involved in investment transactions.

### *Incorporating Sustainability Into Investment Processes*

#### ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) REPORTING

- Corporate Sustainability
- Social Obligations
- Reputational Risk
- Supply Chain Management
- H&S Management
- Carbon Footprint Assessments
- Life Cycle Assessments
- GHG Reporting

#### MERGERS AND ACQUISITIONS

- Phase I ESA
- Compliance Audit and Deficiency Assessments
- Pre-Acquisition Assessments
- Regulatory Closure Strategies
- Divestiture Due Diligence
- Environmental Risk Liability Assessment
- Environmental Risk Management
- Legacy Site Management Strategies

***“In a recent global survey of private equity general partners, over half (54%) had reduced a bid price after ESG due diligence and one-third (32%) had increased one.” KPMG website***
